

CASA COLINA

branding & visual identity

PROJECT TYPE

Freelance Project

INDUSTRY

Hospitality

DELIVERABLES

Logo / Wordmark / Typography Design,
Visual Systems, Merchandise
Illustration & Design

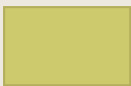

Casa Colina is a modern A-frame AirBNB in Anilao, Batangas. Casa Colina balances modern built structure and natural landscapes for connection, comfort, and escape.

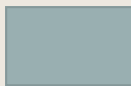

The branding translates Casa Colina's A-frame architecture and mountainous setting into a clean, nature-led visual system. Muted green, yellow, and brown form the core palette, complemented by thin typography and organic graphic elements.
