

UP ARKI 2026

Architecture Class Yearbook, Vol. 1

editorial & print

PROJECT TYPE

Yearbook / Publication Design

INDUSTRY

Academic

DELIVERABLES

Yearbook Layout, Publication Design,
Print Design

This yearbook design is built around the idea that "we are collections of everything we ever loved." Drawing from nostalgia, personal archives, slambook culture, and *The Breakfast Club*, the visual system uses bright, saturated colors and a scrapbook-inspired approach—layering paper textures, cutouts, handwritten elements, sticky notes, and playful compositions to create a yearbook that feels personal, candid, and distinctly lived-in.
